Career Objective

A creative and passionate UI/UX Designer dedicated to crafting intuitive, engaging, and visually compelling digital experiences. I thrive on applying user-centered design principles to create meaningful interactions and am always eager to grow through new challenges. Continuously inspired by evolving design trends, I strive to deliver solutions that not only meet user needs but also elevate the overall experience.

Education

Institution	Qualification	Year
Vidya Jyoti Institute Of Technology	B. Tech (CSE-DS)	2021 - 2025
Sri Chaitanya Junior Kalasala	Intermediate (MPC)	2018 - 2020
Sri Sai Vidyalay High School	S.S.C	2018

Projects

Mobile App Signup

Developed a user-friendly signup process to enhance onboarding experience. Integrated custom features like user location and name for better interactions. Streamlined registration for quick and easy sign-up with minimal steps.

Travel Website UI Design

Created a clean and visually engaging UI design website with an intuitive user experience in mind. The clean, modern interface combines functionality and beauty, making it a pleasure to browse. Correct categorization allows customers to quickly locate what they are looking for to travel.

Software Skills

UI/UX Design, Web Design, Wireframing, Prototyping, Research, Low to High Fidelity, User Interviews

Tools

Figma , Photopea , Canva
